

Famoco Tab

The tablet made for everyday workers

- 

Designed for workers, real ones: Easy to grip and use in every situation with its unique design, it will withstand drops and water; plus the VESA interface makes it the perfect companion for your workday, however you want to use it.
- 

Capture everything: whether it's QR codes, faces, documents or contactless cards, we know the importance of reliable and versatile data capture for today's professional. The fast autofocus and crisp 13 MP camera plus our powerful NFC won't let you down.
- 

Work without interruption: its huge 8000 mAh battery is not only in another league for this form factor, it's also removable to allow you to focus on your work and not looking for a charger.

Famoco helps you grow and secure your business

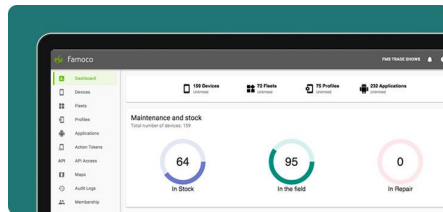

<p>Simple deployment</p> <p>Say goodbye to enrollment. With Famoco, all the devices are pre-connected to one management platform.</p>	<p>Grow with ease</p> <p>Extend your mobile devices fleet & add more services to it over-the-air in few clicks.</p>	<p>Business only</p> <p>Work with business Android mobile devices, not smartphones. It less likely to be stolen.</p>	<p>Your data stay yours</p> <p>Running on Famoco OS, an enterprise Android OS, we make sure your sensitive data stays yours.</p>

You won't find this combo anywhere else

Security & Privacy

Famoco OS is the private Android for businesses, dedicated to professional usage that ensures the security, deployment and control of Famoco mobile devices in the field. It won't force any major OS updates without your permission.

Remote management

No enrollment needed, it is already connected to a device management platform: Famoco MDM. It allows you to distribute your Android apps, push new OS versions, locate your devices & much more. Once unpacked, your devices are ready to work.

Always here for you

We assist you in your mobile deployments. And we've got an amazing support team to help you during business days and an online documentation available to guide you.
